

Get rid of your old fax machine and dedicated fax line!

Use iBurst's **Virtual Fax™** & **FREE Fax2Email** services...
Send and receive faxes via email.

No need to replace toner and fax paper, or deal with paper jams any longer.

Virtual Fax

Send Microsoft Word, Microsoft Excel, Adobe Acrobat (PDF) or Gif images as attachments to an email to any fax number in the world at a fraction of the cost. A minimum subscription fee of R30 incl Vat per month per email address provides access to the service, whilst convenient online vouchers allow you to control fax costs effectively.

Benefits

- Secure - iBurst only sends faxes if they are received from the registered email address.
- Control Costs - vouchers are available in denominations of R50 and R100. They do not expire.
- Affordable Rates - refer to the latest rates schedule at www.iburst.co.za. These compare favorably to traditional fax costs.
- No Equipment Required - Virtual Fax™ uses your standard email program and internet connection.
- Environmentally Friendly - no need to print, fax and wait for a response - send the fax directly from your email and leave it to Virtual Fax™ to do the rest.

Free Fax2Email

Receive faxes as emails into your inbox via iBurst's Fax2Email service. Faxes are converted to Adobe PDF documents and delivered promptly to your inbox. This service is free to all iBurst subscribers - signup for as many numbers as you wish.

Benefits

- Control Costs - no need for a fax machine, fax paper or fax line rental.
- Secure - your faxes come directly to your inbox.
- Ease of Reference - faxes can be accessed digitally at any time.
- Free - the service is free to all iBurst subscribers.
- Convenient - faxes and emails can be accessed at the same place.
